

Caring for Kids is a music education initiative where the WASHMO BLUES SOCIETY will provide two deserving grade school or Jr High students with six months of instrument or voice lessons at River City Music in Washington, MO or an approved private instructor. The society handles all payments directly; students pay nothing.

Instruments are not provided. If the student does not own their own instrument River City Music has been very helpful with rentals and great deals to students. This grant is offered once per year. However, we will take applications year round.

For consideration of the grant, parent or guardian of prospective student, please fill out and return the following application to:

WASHMO BLUES SOCIETY PO Box 1283 Washington, MO 63090

All submissions will be reviewed by the WASHMO BLUES SOCIETY Board of Directors.

If anyone knows of a deserving child that would benefit from this program, please <u>contact us</u>.
